Invitation to cooperate in research

Media aesthetics against the background of a global market is a topic for education sciences, because children's culture consists of it and is shaped by it.

We are interested in the complex of aesthetics and emotions,
and we want to have a closer look on this referring on aesthetics in media.

We cooperate:

- with our colleague Prof. Dr. Urte Pohl
- with Robert Seifert, M.A. (University Erfurt)
- EURICAM e.V.
- we are part of bionet

Our team invites you to participate.

our recent publications:
